The Voice of Experience

A Message from our Chairman ~ Jenny Kay

As Chairman, a very warm welcome to our new website and I do hope you will find many items of interest. We would love to see you at our meetings which we hope are very informative to the residents of the Andover area. You can also see from the website that when a subject is of particular interest it can lead to us campaigning on your behalf to get some answers and perhaps influence those in authority when decisions have to be made.

I am also a volunteer for Versus Arthritis and was chairman of the Arthritis Care group in Sussex for many years before moving to the Andover area 11 years ago. I am a keen member of our local WI and also Clatford Valley Gardening Club.

For the AGM there is always a plentiful supply of home-made cakes as well as tea and coffee and I look forward to seeing you soon.

Jenny Kay ~ Chairman of AOPF
